Goods Movement Action Plan

Potential Actions List

Community Impact Mitigation and Workforce Development

A. Community Impact Mitigation

- Community Benefit Agreements
- Consideration of Buffers Zones Where Appropriate
- Strategic Land Preservation
- Green Area Corridors
- Integrated Port and City Planning
- Encouragement for Local Application of ARB Land Use Guidelines
- Community Discussion Groups
- Monitoring in Communities
- Design-Build and Authorization for Public-Private Partnerships
- Green equipment for infrastructure-related construction and maintenance (e.g., new engines, cleaner fuels, or use of PM traps where feasible)
- Traffic rerouting
- Tree lines
- Parks, waterfront access, community centers

[Note: Suggestions to date have not related to noise mitigation or light mitigation.]

B. Workforce Development

- (to be added)
